GOVERNMENT OF MADRAS

PREFATORY NOTE

A classified catalogue of the Public Reference Library, consisting of Books registered from 1867 to 1889 under the Press and Registration of Books Act 1867 was published in the year 1894. In 1952, the Government ordered that the Books and Publications kept in the Office of the Registrar of Books should be transferred to the Madras Record Office. On the accession of these Books and Publications, it was considered that unless a catalogue of them subsequent to the year 1889 was prepared, no use can be made of them, for research or other purposes. It was also decided that instead of having a single catalogue for all the years subsequent to 1889, it would be better to split it up into a number of volumes, say one for every 10 years. This volume, however, covers the books registered from 1890 to 1900.
